I already have an account. You may have to create an account in your own name if you don't already have one. Parents have to create a Football Account in their own name and then register a child or dependent under their account.

It is important that this is done with the e-mail address that had previously been used on the MyFootball website.

You will then be able to claim the previous FFA profiles of your children

**Create your Football Account**

Your Football Account is one account that lets you connect with all of the Football Network in Australia.

**ALREADY HAVE AN ACCOUNT?**

**BEFORE CREATING YOUR FOOTBALL ACCOUNT**

**Registered to Football before?**  
You will not be able to claim your participant history if your email address or social login does not match the email address used for registrations on the old MyFootballClub.

**Parent or Guardian?**  
Please ensure the Football Account is created in your name not the name of your child or dependant. Once you have created your Football Account you will be able to register any child or dependant.

Sign in with social account

**Last Name \***

When creating a new account the following should show after creating the account. Select the options to link the previous FFA account from MyFootball to your new PlayFootball account.

View the video (below) for further explanations:
